Report Suspicious

Greetings, All,
I sent the attachment of the Scotts Valley Fire Strategic Plan as part of my correspondence. My intention was to provide information to the group, and a possible template to use in your work.

It is a public document.

Sincerely,
Becky

The FDAG should not attach documents not originating from SCC County Fire or CalFire.
It's not ours to post and could create a future conflict.

Dear Chief Wilson, Chief Filson and Interim GSD Director Ms. Finley,

Please include this as correspondence for the July 23, 2025 FDAG meeting. I attempted to submit comment via the FDAG website, but it will not allow me to do so unless I attach a file.

Below are my comments:

1) Please update the FDAG website to show current and future meeting dates and locations. The website shows the last meeting only of June 18, 2025 and does not reflect that there are meetings scheduled since or that there is one scheduled for this Wednesday. Likewise, the main Santa Cruz County Fire Dept. website has not been updated since the June 18 meeting post. https://countyfire.santacruzcountyca.gov/

2) Please see the attached Scotts Valley Fire Protection District Strategic Plan. Their Board recently approved it after significant public outreach and involvement to develop the Plan. Note that it is concise, with 24 pages total.

A large portion of the Plan (Appendices, page 14-19) is based on Community input that helped identify expectations and concerns. Pages 20-23 identify the WORK that will be done to address the issues raised by the public and stakeholder agencies. A separate Management and Implementation Guide

How does the FDAG plan to gather this level of information?

Thank you.
Sincerely,

Becky Steinbruner
