Deferral of County Fire Report

Dear Members of the Board:

On October 27, 2009 your Board directed staff to return in December 2009 to present a work plan and time table for the issuance of a CSA 48 ballot measure. This report was intended to present process options, projected costs associated with the issuance of a ballot measure for the organization and funding of CSA 48 for County Fire services.

Staff has spent extensive time in researching options for the work plan and timetable. Additional staff work is necessary before completing our staff recommendations for your Board's consideration.

It is therefore RECOMMENDED that your Board defer the December 2009 report and direct staff to return with a presentation on the issuance of a CSA 48 ballot measure for your Board at its January 26, 2010 meeting.

Very truly yours,

RECOMMENDED:
